

2 provincial hockey titles for Highlands

Haliburton County is now the home of two champion hockey teams. On Easter Sunday the Haliburton Bantams and the Minden Juveniles captured the top honours in their O.M.H.A. 'DD' divisions.

Playing in front of over 800 fans at Minden arena the Minden Monarchs skated to an easy 7 - 2 victory over Paisley to sweep the final series three games to none.

Under coach Jerry Campbell the Juvenile team made up of players from Minden, Haliburton and West Guilford, were nearly unbeatable throughout the season.

Playing an intelligent, well balanced brand of hockey the team lost only four games during the season on their way to the championship on Sunday.

The Haliburton Bantams lost the fifth game of their best of seven final series against Teeswater in front of 1000 hometown supporters on Friday but put the loss behind them and skated to a 7 - 4 overtime victory in Teeswater on Sunday to capture the championship.

Minden Monarch Captain Jeff Howe accepts the Archie Blandford trophy from O.M.H.A. District Convener Sharon Griffin at the conclusion of the championship game Sunday night. The Minden team captured the All-Ontario Juvenile 'DD' title by defeating Paisley in three games. For a report on the game, see page 11.

School will remain open for another year

After nearly two years of uncertainty over the possible closure of the Dorset Public School, the Haliburton County Board of Education has announced that the school will remain in operation at least until the end of the 1985-86 school year.

However, as noted in a joint statement released by Paul Wilson, Chairman of the Board and Ross Anderson, Chairman of the Special Projects Committee "One request which the Board cannot grant at this time, is the community's desire for a long term commitment to the school's operation."

The decision to keep the school open until June 1986 was made at the Board of Education meeting on Tuesday, March 26 following a report by the chairman of the Special Projects Committee.

In October 1983 the Board announced that the Dorset School was a candidate for closure in June, 1985. The Board cited the significant decline of the student enrolment and the projection that the Kindergarten to grade 4 enrolment would remain at 20 students for the next two years.

The announcement was

met with strong opposition from parents of students attending the Dorset School and other members of the community who were concerned about the effect of the closure on the village of Dorset.

In January of this year, the Special Projects Committee met with a citizen's group in Dorset to review a feasibility study that included enrolment projections, the impact on the community and businesses in the area, community support and financial viability.

In February, the Director of Education, Stuart Baker, and Ross Anderson met with the parents of the students, the principal and school staff to discuss educational alternatives.

This past month the committee examined the enrolment and class organization of Irwin Memorial School in Dwight, some 10 miles north of Dorset. The report prepared by the committee stated the members had found very strong support for maintaining the school in the community.

"Parents prefer to have their children in mixed classes of smaller numbers at Dorset with a somewhat limited program than to

travel to Dwight while the children are in primary grades. The parents agreed that with so few students at each grade level there is a need, before the children reach the Intermediate Division, to attend a larger school in order to experience broader educational opportunities," the report said.

The committee also reported that the class loads at the Irwin Memorial school are relatively heavy at present and that the earliest possible date for the start of an expansion project will be in the spring of 1986.

Although the Dorset School will remain open for a year past the date of closure originally announced, the long term future of the school remains uncertain. According to Stuart "projections show that enrolment will continue to decline."

Baker explained that at the present time students from both Haliburton County and the District of Muskoka attend the Dorset school. He suggested that if the area served by the school is enlarged, student enrolment would increase, but he cautioned that if the planned expansion of the school in Dwight is carried out, there will be less chance of this happening.

There was one dissenting voice at the Board meeting on March 26. David Villard, Trustee for Sherborne et al stated, "I feel that the Special Projects Committee has been thorough in its study of the Dorset School situation. However, I also feel that the Committee has not addressed the concerns of the Dorset Community with respect to the detrimental effect on the community and businesses as long as the future of the school is uncertain."

Police recover property: pair charged

Police have recovered property, which they believe was stolen, after carrying out a search of a Minden Township residence. The raid on the home was conducted at 9:15 Friday morning.

According to the police, some \$2500 worth of stolen property was seized in the search. Included among the items were power tools, a

generator and other items. The property had been removed from a privately owned storage shed last September. The shed was located in Minden Township.

Subsequent to the raid, the police have also recovered two chainsaws, and a water pump, valued at \$1600. The property was taken in the same break-in.

Charged with possession of stolen property is Dale McKnight, 39, of Minden Township and Derek Warburton, also of Minden Township. Warburton was also charged in connection with the September break-in.

Police are seeking a third individual in connection with the investigation. The pair will appear in provin-

cial court May 1.

Constable Al Bibby was the investigating officer.

\$1000 damage

A 1977 passenger van sustained \$1000 damage following an accident on North Kashagawigamog Lake Road Thursday evening.

According to the police, 24 year old Haro Dahlke of

Harcourt Township was the driver of the vehicle when it slid off the roadway and struck a tree. Danny Hayes, 19, of R.R. 1 Haliburton was a passenger in the van. He received minor injuries. Hayes was treated and released from Haliburton Hospital.

The investigating officer was Constable David Mac Martin.

Gallery features 3 generation display

An eclectic exhibit of art and crafts premiered at the Agnes Jamieson Art Gallery in Minden on Thursday. The show features the creations of a family of artists as well as a variety of works submitted by members of the gallery.

Dorothy Wilkes, her daughter, Marion Kinsman and granddaughter, Wendy Ladurantaye have combined their talents in an exhibit entitled "Three Generation Show".

Dorothy Wilkes of Stirling, Ontario began working in petit point ten years ago and since then has created nearly 80 pieces. Her works vary from tiny ornamental plaques depicting wildlife, floral displays and children, to large framed replicas of religious paintings including her most ambitious project "The Last Supper".

Marion Kinsman, the eldest daughter of Dorothy and Walter Wilkes grew up in Hamilton, Ontario and moved to the Haliburton Highlands with her husband Jack Kinsman and her family in 1964.

After her large family had grown up, Marion began devoting more time to decorative painting and soft sculpture.

Marion has included in the show plaques and hand painted book covers as well as a collection of delightful hand crafted dolls. Each of the "Little Sweethearts" has a character of their own and come complete with miniature accessories.

Wendy Ladurantaye, the third generation represented in the show, spent much of her childhood in Haliburton County. After graduating from Haliburton Highlands Secondary School she com-

pleted an art course at Sheridan College.

She lived in Ottawa and Moose Factory, where she was influenced by a stained glass window in a village church. She returned to Minden and began fashioning her own stained glass creations. Included in the show are lamps, mobiles, a flower pot and a glass case.

The three generation show occupies one room at the gallery. In the other room some of the finest works of gallery members are on display. These include a wide variety of paintings and crafts including stoneware, woven baskets, pottery, knitting, needle point, batiques and embroidery.

A number of the works were awarded prizes at the juried show held at the gallery last year. Among the painters represented, Fred Seedhouse and Sadie Barnes have been featured in individual exhibits at the gallery in the past year.

Full schedule

Thursday's opening marked the beginning of a very busy month at the gallery. Throughout the month of April there will be a series of demonstrations by members of the gallery and other artists and craftspeople. Several demonstrations have already been held and the series resumes on Friday, April 12 when Barb Peel, Margot Zorjen and Sylvia Holland will be teaching the art of pottery glazing, machine embroidery and knitting. On April 15, Dorothy Wilkes and Marion Kinsman will demonstrate petit point and soft sculpture and on Wednesday, April 17

Dorothy Wilkes, Marion Kinsman and Wendy Ladurantaye share a quiet moment during the opening of their three generation exhibition. at the Agnes Jamieson Gallery in Minden.

Wendy Ladurantaye will be teaching the skill of stained glass work.

That same afternoon Bea Taylor will be sharing her knowledge of rug hooking.

The final demonstration will take place on Wednesday, April 24 when Fred Seedhouse, Elizabeth Carrell and Marion Hill will be giving pointers on acrylics, oils and pen and ink drawing.

All the demonstrations will take place from 1 - 4 p.m. on the dates noted. The current exhibition at the gallery continues until April 27.

Road program approved

If the Ministry of Transportation and Communications (MTC) meets the funding requests of the Municipality of Anson, Hindon and Minden, the Roads Department will spend nearly half a million dollars in 1985.

The 1985 program of expenditures for the Road Department in the amount of \$409,200 was adopted at the regular meeting of Council on Thursday, March 28. In addition Council approved requests to the MTC for \$60,000 in supplementary funds.

The largest portion of the general expenditures will be for the maintenance of the municipal road system. The remainder will be spent on five construction projects.

The Bissett Road will be widened and resurfaced to facilitate winter snow plowing operations. A section of the Duck Lake Road, immediately south of the

intersection with the road to Shuyler's Island will be covered with a cold mix surface treatment to eliminate the constant washboard condition of the hill.

The widening and resurfacing project that has been carried out for the past two years on the Bethel Road will be completed.

Brushing and ditching operations will be carried out on roads in the north and east sectors of the municipality.

Gravel for the maintenance and construction projects will be drawn from two sites. 5,000 cubic yards of gravel for crushing will be drawn from the Kent pit at a cost of 55¢ per cubic yard, and a further 5,000 cubic yards will be drawn from the Francis Thomas pit, also at the same cost.

In co-operation with the Townships of Stanhope and Lutterworth, tenders will be called for the crushing of

10,000 yards of gravel. Council recommended that the crushing operations that are to be carried out at the Francis Thomas pit be compatible with the operation of the Old Mill Resort.

The supplementary funds that are being requested from the MTC will offset the costs of one construction project and the purchase of equipment. \$45,000 has been requested to supplement the estimated \$60,000 cost of purchasing a front end loader.

A further \$15,000 has been requested toward the municipality's \$20,000 share of repairing the Crooked House Bridge.

Council has petitioned the Township of Stanhope to equally share the costs of repairs since the Crooked House Road forms the boundary between Stanhope and Minden Townships.

Season ends for figure skaters

by Pat Balcombe

The figure skating season is finished for another year. However, before the participants hung up their skates for a final time, they travelled to Bobcaygeon and Lindsay to take part in low and high test days. The following results were achieved:

Low test day Bobcaygeon

First figure: Abby Burk and Dianne Garbutt.
Second figure: Jenni Gentle.

Preliminary Freeskate: Nancy Bird and Jay Garbutt.

Junior Bronze Freeskate: Dianne Garbutt.

Preliminary Swing Dance: Sara Mowat and Nancy Bird. (This completes the preliminary requirements)

Junior Bronze Willow

Waltz: Christa Irwin and Abby Burk (This completes the Junior Bronze requirements)

High test day Lindsay

Senior Bronze Freeskate: Lisa Carr.

Senior Bronze 14 Step: Dianne Garbutt, Misti Campbell, and Tammy Pritchard.

Foxtrot: Tammy Pritchard and Sara Lee Hender-

son.

Junior Silver, Rocker and American: Lisa Carr. (This completes the Junior Silver requirements)

Looking back over the year, the club has done well, with many skaters advancing through the various programs and receiving badges as recognition of their increased skating skill.

While the dedication of the individual skaters is a major element in each parti-

cipant's success, the efforts of instructors Jane Symons and Werna Blakey certainly

contributed to the progress realized during the year. Of

special note as well is the contribution made by all the coaches who helped out in the CanSkate group. Their assistance was invaluable.

We are all looking forward to another fun year of figure skating next season.

Continuity lost

The Haliburton Highlands Chamber of Commerce finds itself in a difficult position once again as it searches for a manager. Last month Emily Skinner was forced to step down due to ill health.

Her untimely departure has left a void that will set the organization back further than most would like to contemplate. Mrs. Skinner, who was appointed just over a year ago had begun to bring the rambling juggernaut under control, giving it direction and a positive image. The momentum created by her effort, and simply the fact that a single person was steering the ship for 12 months will be hard to re-establish, no matter how quickly the board of directors find a replacement.

The Chamber can be a valuable and useful tool in promoting the county, but continuity is needed to ensure that success. Unfortunately that continuity is lost once again.

Well deserved honours

Not one but two provincial hockey championships have found a home in Haliburton County this past week. The Juveniles in Minden and the Bantams in Haliburton won the final series and clinched their respective league titles on Sunday.

Win or lose, the fact that these teams reached the All Ontario final series represents an achievement for which they can be proud. The players, coaches, team officials, parents and dedicated fans are well aware of the hard work and effort that has made these championships a reality.

We salute both teams on their well-earned victories. They certainly deserve the honour that is theirs in being named provincial champions.

Maple Lake morning

letters letters letters

Editor:

The "Letters to the Editor" in opposition to Mr. Blair's proposed health spa should give considerable concern to all of us whose income is linked to the economic viability of our area. This is not to suggest, on the other hand, that we need to sacrifice our environmental attributes in the name of progress and development.

The basic misconception in the arguments put forth is that somehow commercial development is bad and that residential is good ... and that the larger the commercial is, the worse it is. The commercial development that has taken place around Lake Kashagawigamog in the vicinity of the property in question is some of the largest in the county, and it has done nothing but enhance the area and increase the neighbourhood property values.

The argument that these commercial properties are in danger of polluting the lake is incorrect. The environmental requirements, and the continuous monitoring of the systems for the resort properties are far more demanding than they are for residential sites. In fact, residential septic systems are not monitored at all once they are installed.

The argument that boat traffic will create too much pressure on the lake is also out of line. Visitors to resorts, (and health spas)

seldom bring a boat with them, and they spend most of their time using the facilities that are away from the waterfront. Cottages, on the other hand, will often have 2 or 3 boats per property and they spend the majority of their time on or around the water.

It has also been suggested that such commercial development destroys the "Traditional family atmosphere" of the Highlands. Are we to believe that families only buy cottages and don't make use of resorts? On the contrary, most cater heavily to the family, and as owning lake-shore property becomes less accessible to many families in the future, the commer-

cial establishments may well become their only way of enjoying our lakes.

I have no personal interest in Mr. Blair's proposed project, but I have a very major interest in the future viability of this county. If we are going to sit back and watch those with vision and speculative initiative have their ideas continually shot down, we are doomed to watch our county stagnate. Tourism is going to be Canada's number one industry by 1990 and we can participate ... but only if we have quality facilities such as those proposed to be in the game.

Bob Stinson,
Haliburton.

Fast returns

-by Bill Scott, MP-

Revenue Canada announced on March 19 that they are well ahead of last year in their processing of refunds.

More than 1.7 million refunds have been issued to date, compared to 252,000 issued the same time last year. The seven Taxation Centres have already received 4.5 million of the anticipated 16 million returns and of these approximately 1.9 million have been processed. The average refund is approximately \$602, with a total dollar

amount of \$1,039,947,232. In order to ensure your refund is processed quickly, I urge you to file as early as possible.

Interest rate

On March 18, the Farm Credit Corporation increased its interest rate in response to the rising cost of funds the Corporation borrows to lend to farmers. New five year fixed term loans carry an interest rate

(more on page 6)

outdoors

Federation of Ontario Naturalists

Conducted by spring's orchestral baton, a melody begins. Softly and sporadically at first, it will gather, then crescendo as a mighty symphony, steadily sweeping vibrato-like across the countryside.

Under spring's orchestral direction, Spring Peeper

frogs are beginning to stir. All winter they have rested, like a mighty choir of tenors, sopranos and contraltos, maturing while awaiting the command.

Warm spring rains, percolating through subterranean nooks and labyrinths, gently warm and wake them. Heartbeats quicken. Temperatures rise. As with a mighty influx of adrenalin, they stir, then rise to struggle for the world above.

Out they pop. Out from beneath logs and rocks. Up from burrows, like tiny

leprechauns from suspended sleep, to head for the ponds.

First male to the pond! Peep ... Peep! It's a mighty sound for such a mighty musician. After all, he's a mere 1" of nondescript, brown frog - nondescript only by a simple, dark X on his back. Hastening first to find the perfect podium, he explores raft after raft, stem after stem. Then up he climbs, above the pond, to just the right spot - acoustically, of course.

Then, to tone the instrument. Chin raised, he draws air, for all he's worth. Suddenly, he flexes, sending mighty lungfull racing

across the chords deep within the throat. Instantly, the chin distends, as a remarkable resonating balloon Peep! Then back he sucks. And again. PEep! ... PEEp! Over and over, for hours on end. PEEP! ... PEEP!

Like orchestral zealots come the others, first the males and then the

females, drawn inexorably to the ponds. Even as the ice still melts, they come. First, a few. Then a deluge.

Quickly, the concert rises, in pitch and volume. Hushed by cold or brightness, the concert rekindles each evening, growing louder and more determined

each day. Soon, the ponds reverberate; the voices blend and blur as thousands join the chorus. Their mighty symphony drifts and echos across the countryside, blending with those from other ponds, to form a

mighty even-song of spring.

Their ladyships, objects of the concert, move with determination. First, toward the concert; then toward the finest of musicians.

The object of his serenade at hand, the musician ends his song, commencing

(more on page 5)

Parents mount strong protest to closing of 5 north Victoria elementary schools

by Michael Shirley

A proposal by the Victoria County Board of Education to close five elementary schools in the northern townships of the county has generated an angry backlash in the affected communities, including Kinmount and Norland.

The recommendation to close elementary schools in Kinmount, Burnt River, Norland, Coboconk and Kirkfield was made to the board by the Northern Schools Study Committee comprised of board trustees and representatives of the five communities.

In a 9 - 5 vote the committee recommended that two new schools be constructed to replace the existing facilities.

The committee was formed in the spring of 1983 to study the delivery of education in the northern part of the county and presented a report to the board in February 1984. In March

1984 the board adopted the proposal to build two central schools to replace the five existing schools as soon as financially feasible.

Since the report was released opposition to the proposal has grown.

A Save Our Schools (S.O.S.) citizens group was formed to drum up public support against the closures and members of the committee have circulated petitions to parents of students in the five communities and have attended several board meetings to protest the decision to close the schools.

Although there is strong opposition, the board is determined to proceed with the closures and the construction of two new schools.

Board Chairwoman Leona Skipworth told The Times that the decision by the board was not made in isolation and was by no means a "snap decision." "The study committee put a lot of time and effort into the study before they came to a decision," she said.

Extensive study

She explained that the committee carried out "a complete and extensive" study of busing, curriculum, the impact on the communities, the existing facilities, visited large and small schools in regions other than Victoria County and studied many other aspects of education in the northern part of the county.

"We also made a concerted effort to get the public involved in the study" she said, noting that public meetings were held to discuss the concerns of the communities involved and that the committee representatives were always available to listen to the parents' concerns.

"We were not predisposed to closing the schools when we began the study," she said, adding that the committee members approached the issue with an open mind and examined all sides to the issue.

"The communities deserved that kind of a study," she said. In commenting on criticisms that the board ignored the issue of increased busing of students, Skipworth said, "There is extensive busing of students at present, in fact there is a whole network of bus routes through the county now. We have a very strong concept of the busing issue."

Skipworth said that she is well aware of the concerns of the S.O.S. group but argues that the board decision was made on the basis of a comprehensive and exhaustive study, whereas the criticism appears to be based more on emotion. "Would

you put more weight to the position of the S.O.S. committee compared to the documentation of the (Northern Schools Study) committee?" she asked.

Proposal submitted

Skipworth said that the Board submitted the proposal to construct two new facilities to the Ministry of Education a year ago and that she expects to find out within a few weeks if the Ministry will provide funding. "We realize that funds may not be available because of budget restraints," she said, but added that the board intends on proceeding with construction of new schools.

"If we have to, we can fund the project through debentures," she said. "Our prime objective is to build one new school in Coboconk and possibly a second school in Kirkfield," she said, adding that construction could begin as early as this summer.

Opponents of the board proposal argue that the possible benefits to the students in the five communities are questionable and are outweighed by the increased busing, higher taxes and the disruption and deterioration of the social fabric of the communities.

Brenda Chynoweth, a director of the S.O.S. Committee told The Times that the original purpose of the study of the school system in the northern townships was to improve the education system, but in her opinion, "There is no way that the students will receive a better education because the curriculum will not be changed." She added that although the board has indicated that there could be a gymnasium in the new school, "at no point has the board promised that there would be a gym."

"If they could prove that education would improve, we would go along with the new school," she said, adding, "We don't believe that is the case, and we will fight this until they open the doors."

Chynoweth also noted that there is concern by many ratepayers over the cost of building the new school, and the costs of transporting the students.

"Provincial funding covers about 90% of the costs now, but it appears that this could drop to 50 or 55%," she said, adding, "Our tax dollars could go sky high."

Long bus rides

The S.O.S. committee is also critical of the increase in bus time for the students.

Chynoweth points out that except for the students

living near the new school all of the students living in the northern townships will have to be bused. "For some children this will mean a school day of 11 1/2 hours. Some of those children will have to get up a 6 a.m. to catch the bus."

She added that the board has been told that many of the backroads would have to be upgraded to handle the larger buses. "Right now, small buses are used on some of the routes and they don't have any problems during the spring breakup and have enough room to turn around at the end of the routes, but if larger buses are used, the roads will have to be brought up to standard and turnarounds built."

Perhaps the main issue that has been raised by the S.O.S. committee is the effect on community life. The petition circulated by the committee states, "Our

local schools also have a recognised role in promoting and sustaining our local community and social spirit and our children and students are part of our

communities. This would be lost and destroyed for several of our communities if central schools are built. Our students in small schools develop well socially and their existing opportunities for outdoor recreation have compensated for the absence of gymnasiums and equipment which larger schools have."

Elaborating on the points raised in the petition Chynoweth said, "Our communities centre around the schools. If they are closed it will have a big impact and will also mean a loss of jobs to local residents."

"We are concerned mostly about the effect on the children. There is more of a one to one ratio between students and teachers in the smaller schools. It is like one big family. We are worried that the students will be lost in the environment of a big school."

Chynoweth commented that the board has admitted that the committee did make some valid points during the two board meetings that were attended by the public but adds "They have as

much as told us that our opinion doesn't count."

She said that the S.O.S. committee will continue to fight the school closures and predicted that the controversy will become an important election issue.

The closures have been debated by several municipal councils and have also prompted statements by the candidates in the upcoming provincial election.

The Progressive Conservative candidate, Murray Fearrey has gone on record as supporting the S.O.S. campaign.

The Liberal incumbent, John Eakins expressed sympathy to the S.O.S. cause but added that he would like to have more information on how the Board of Education arrived at their decision.

The Northern Schools Study prepared by the committee is available from the Victoria County Board of Education. The pamphlet has become something of a best seller and is now in its second printing an indication of increasing public interest.

Outdoors

(from page 4)

instead to dance with his mate. Together, they will move, laying one-by-one, perhaps 1,000 eggs. Within minutes, these will be stuck to rocks and twigs, branches and roots.

Steadily northward, both symphony and dance will sweep, like a giant wave.

Object of the ritual complete, the frogs will silence, vanishing once again into obscurity, not to be heard - and only rarely seen - till next spring. They make for the forest and meadow floors. There, they will climb, hop, and gulp their way through countless invertebrates, patiently building the bulk and fat reserves that will carry them through next winter.

Within days, their eggs will hatch, as miniscule tadpoles. Voraciously, they'll feed on microscopic plankton, algae, and invertebrates. And quickly they'll grow, sprouting first hind, then front legs. Those which don't become food - to snakes, raccoons, frogs, herons, and a host of other marsh birds - will be emerging by July, even as our later frogs are heading down to spawn. By the time the ponds dry in mid-summer, the future musicians will be long gone - to hop, feed and grow, till at last 3 years from now, instruments ready, they too will join the symphony.

Mighty peep or tiny glimpse? Either way, spring's symphony deserves an attentive ear.

The teams are competitive and are
registered with
The Ontario Soccer Association.

from the chamber

Congratulations to the All Ontario Bantam champions - and the All Ontario Juvenile champions! The villages of Minden and Haliburton must be very proud of these teams, their management and parents.

The arenas in Haliburton and Minden have taken their ice out for the season.

Coming events

Thursday, April 11, Legion Hall, Haliburton - L.E.A.D. Meeting.

Agnes Jamieson Gallery - Three Generations Show - needlepoint, soft sculptures, and stained glass.

April 12 - Easter Parade Fashion Show at Wig-A-Mog at 8 p.m. Tickets \$6.00.

For more information call 457-2330.

Rails' End Gallery - Art from Artscape.

April 13 - 14 - Nurse/Therapist Therapeutic Touch Workshop at Maple Sands Resort. Call 754-2800 for more information.

Accommodation owners - please note that members of the Chamber will once again be receiving Enquiry Lists. We have sent several pages out already and hope you will get a good reaction from your brochures.

Plastic "Events" Bags - we now have the 1985 edition in stock at the Chamber office. The cost is 10¢ per bag and we will be happy to sell you some.

Rabies clinics

Due to an increasing concern for rabies in the county, the Haliburton Kawartha Pine Ridge Health Unit, in co-operation with local veterinarians, is sponsoring a number of vaccination clinics for house pets during the coming weeks.

During the special clinics, household pets may be vaccinated against the disease at a reduced rate of \$5 per animal.

Clinics will be held in Minden on April 13 and 20 at the Minden Animal Clinic - Bobcaygeon Road, north of the village. According to Dr. Peter Bennett the special clinic will be open from 10 a.m. to 2 p.m. on both days, Saturday.

In Haliburton, the clinic will be held April 20 during the same time period. According to Dr. Lorrie Brown, a location for the clinic has yet to be chosen. Details should be available in next week's newspaper or

by calling the Haliburton Veterinary Services at 457-2087.

Bill Scott

(from page 4)

of 13 1/2%. Ten year term loans are now 13 3/4% and 20 year term loans are 14%. The new Shared Risk Mortgage fixed loans will be at 13 1/4% when the program takes effect April 1. As well, loans under the Farm Syndicates Credit Act are now 13 1/2%.

Job creation

In the past couple of weeks, I have had the pleasure of announcing a number of job creation projects which have been approved, in principle, by the Minister of Employment and Immigration. It is good to see the Federal government acknowledging our area in this way. I take pride in helping to bring more new jobs to Victoria - Haliburton.

If your car or heaters need propane
And you would like to buy it,
Just come on over to Shell, you'll gain,
The price is right - just try it.

NOTICE

(FILE 10-85)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowner part of the
66 foot 'unopened' Original Shoreline
(Marine) Allowance for Road around the
shoreline perimeter of the Gull River (Minden
Lake), being part of Lot 8, Concession 4, in the
Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to
Section 301(1) of the Municipal Act R.S.O.
1980, as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden at its regular meeting to
be held in the Municipal Council Chambers,
Milne Street, Minden on Thursday, May 9,
1985 proposes to consider and, if deemed
advisable to pass a By-law to stop up, close
and convey the above-noted portion of road
allowance more particularly described as
follows: -

Part of Lot 8, Concession 4, in the Township of
Minden, in the County of Haliburton, designat-
ed as Parts 4 and 6 on a plan deposited in the
Registry Office for the Registry Division of
Haliburton as No. 19R-3221.

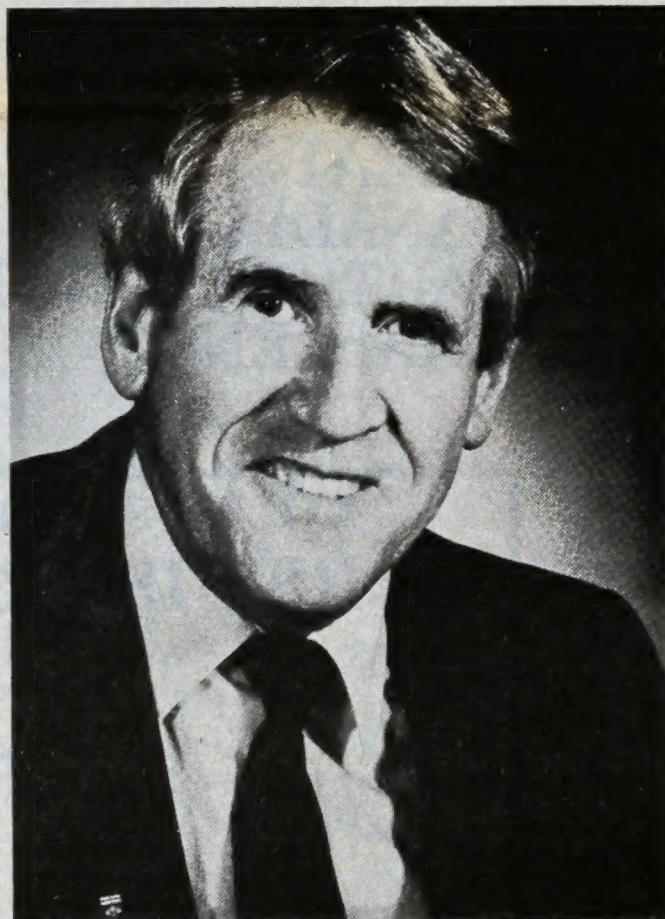

AND FURTHER TAKE NOTICE that before
passing said by-law at the meeting to be held
at the time and place mentioned, the Council
shall then and there hear in person or by his
Counsel, Solicitor or Agent any person who
claims that his or her land will be prejudicially
affected by the said By-law and who applies to
be heard.

DATED at MINDEN this 3rd day of April,
1985.

(Ms.) Beverley Anne Millar,
Clerk-Treasurer
Townships of Anson, Hindon and Minden,
P.O. Box 98,
MINDEN, Ontario

The plan of survey referred to herein is avail-
able for perusal at the Municipal Offices
during normal office hours.

WORKING WITH YOU

FOR A BETTER ONTARIO

Re-elect
JOHN EAKINS

Victoria - Haliburton, Liberal

Authorized by official agent, Andy Scott.

Poster contest will help mark Police Week

National Police Week will be May 11 to May 18. This year's theme focuses on "Youth and The Police which parallels the United Nations Declaration of 1985 as International Year of The Child."

The Ontario Provincial Police in the Peterborough District are announcing a poster and essay contest open to all elementary school-aged children in Peterborough, Victoria, Northumberland and Haliburton Counties.

Students in grades kindergarten to four are invited to design posters no larger than 28 cm. (11") by 36 cm. (14"), showing some aspect of "Police in my Community".

Students in grades five to eight are invited to write a maximum 1,000 word essay on the topic of "What Police do in my Community".

A single winner will be chosen in each category and with their parents, the student will be driven in an O.P.P. cruiser to the Ontario Provincial Police Training Academy, Brampton, Ontario for a tour of the training facility including

demonstrations by the police dog handlers.

The student and parents will next tour the O.P.P. Helicopter Center followed by a V.I.P. flight in the police helicopter over Toronto and surrounding area before returning home.

Posters and essays may be brought to any O.P.P. Detachment in No. 8 District or mailed to: Ontario Provincial Police Headquarters, No. 8 District, P.O. Box 477 Peterborough, Ontario, K9J 6Z6, clearly marked "Police in Community Contest". The name, age, grade and school of each student must be indicated on each poster or essay.

All entries must be received no later than April 27, 1985.

The judging of all posters and essays will be completed by the Fowlers Corners and District Lions Club and the winners announced during Police week May 11 to 18, 1985.

The Provincial Police in Peterborough District encourage all students to participate in this contest.

New grades for syrup

The March '85 newsletter to maple syrup producers contains additional information regarding the changes to the Ontario Maple Syrup Regulations.

Regulations made under the Farm Products Grades and Sales Act have been amended as they affect maple syrup producers commencing with the 1985 production season. The amendments to the regulations require that all maple products sold in Ontario must be properly

labelled with the name of the product, the name and address of the producer or packer, the grade and colour class, and the net quantity.

Maple syrup sold or offered for sale at the producer's premises, directly to the consumer, must now be properly marked as indicated above.

In addition, all maple syrup offered for sale anywhere in Ontario must have a minimum density of 66 degrees Brix (this means it contains at least 66% sugar.)

Producers who have any questions regarding these regulations, or who require assistance in classifying their maple syrup, should contact their area fruit and vegetable inspector. For producers in Victoria and Haliburton Counties, (and most other parts of East Central Ontario) our inspectors are Ken Sills and Wilbert King, who work from the Brighton Agricultural Office (613) 475-1630.

A copy of the amended regulations for maple

producers and details of the maple syrup grades and colour classes are available at the County Agricultural Office.

"Our Aim is to Please You"

HALIBURTON
Dennis Debler
457-1426

With the assistance of campaign workers, Ray Selbie, Joan Sawyer, Linda Salvatori, and Lynn Craigmyle, Liberal incumbent John Eakins cuts the ribbon to officially open his campaign office in Haliburton. The office is located at the Village Barn, on Highland Street.

New speaker schedule set

by Katherine McMahon

The Drop-In Centre Spring Brochure has had a second printing. The coffee hour speakers' order has been rearranged. A new program is posted in the Haliburton and Minden Post Offices.

Coffee hour starts at 10:00 a.m. (this allows the speakers to work their schedules around our program). The aim is to have the speaker address his topic for half an hour with a question and answer period following and then time to have a second cup of coffee and to socialize.

To date we've had four excellent programs. Leo Dobrzensky gave us an accurate picture of what the first settlers faced upon arriving in Haliburton. Mrs. Dobrzensky is working from documents, not just people's reminiscences.

To illustrate how difficult settling here was we were told that 65% of the original settlers did not stay in Dysart.

Ian Douglas and Al Bull, Ambulance Officers, explained the Haliburton County emergency services available to us and how we can best use their services.

Constable Chapman from the Minden Detachment of the O.P.P. outlined various scams used to separate people from their hard earned money. It is important to recognize these schemes and important to know what to do about them. He stressed alerting the police if you are in doubt about a sales pitch or

contacting the Better Business Bureau.

Howard Roberts, acting Fire Chief for the Haliburton Volunteer Fire Department explained how the volunteer fire department operates under the same rules as full-time fire fighters. He stressed fire prevention - things to look for in your home that have the potential for fire. The best measure is to plan for the eventuality of a fire. One is not likely to have a fire in the home but most people panic when one does occur. So having a plan of how to get safely out of the home in the case of fire is essential. This planning should also carry over to when one is in a public place, to always note where the exits are and if a fire should occur how will I get out?

Our coffee hour speakers

are local people telling us about their field of expertise in our area. The aim is to help us become better informed about services available to us and how we can best work with them.

Coffee hours are Monday and Wednesday mornings at 10:00 a.m. The speaker on Wednesday, April 10 is Heather Clark, Activities Therapist, Extendingcare, addressing the topic of Life-styles for the Elderly. There will be no morning program Easter Monday, April 8 and the Drop-In Centre is closed Good Friday, April 5.

The spring session of swimming will commence April 3 at Locarno. It will run for ten weeks. To register please contact Connie Love 457-2725.

The movie Tuesday, April 9 will be Butch Cassidy and the Sundance Kid. Please

come out and join us for these activities available to any retired persons 55 and over and any handicapped persons.

April is busy month at CHACE

by Eric Lilius

You may wonder why we hold many fund raising activities throughout the year. C.H.A.C.E. receives the bulk of its funding from the provincial department of Community and Social Services. We are, however, required to raise a percentage of our funds. We raised around \$200 with the pancake breakfast to start off our new financial year. Our goal this time is \$3500.

The next fund raising venture is a yard sale to be held on the 26 and 27 of April. If your spring clean-

ing turns up clothing and items that you would like to contribute, please call the office at 754-2989 during the day. We will even pick up your offerings. The May moneymaker will be a Mother's Day dance for which details will be forthcoming.

It's membership time again. To celebrate we will be holding Membership Week during the last week of April. There will be a Friendship Tea on Wednesday at 11:00 a.m. and 2:00 p.m. Now's the time to get a membership or renew an old one.

The April special activities will include Easter crafts and egg hunt, kite making, making stained glass windows with tissue paper, starting a garden (when the snow disappears), and starting plants. C.H.A.C.E. is having its second birthday on April 14. Check our

schedule in the coming events section.

We are also offering seven week workshops on "How To Talk So Children Will Listen" and "How To Listen

So Children Will Talk" in Minden and Haliburton starting on April 9. The charge is \$5 for members and \$7 for non-members. For details call C.H.A.C.E.

Farmers gas tax rebate

Farmers, fishermen, loggers and mine operators are able to benefit from a federal rebate on the tax on gasoline and diesel fuel from December 1, 1984 until January 1, 1987. This program was announced in Ottawa late last year. The rebate amounts to 4.8¢ per litre on the cost of fuel for off-highway use for these commercial activities.

There are two ways an eligible user may participate in this program:

(a) Vendors of fuel who are licenced under the Excise Tax Act will be able to grant the rebate directly to purchasers who hold a sales tax bulk permit issued by the Department's Excise Branch.

(b) Purchasers without sales tax bulk permits or who buy from unlicensed suppliers can file a rebate application directly through the Excise Branch.

Further information on the sales tax bulk permits, and rebate application forms are being mailed directly to eligible users from Ottawa during the early part of 1985.

Farm photos needed

The County of Victoria has an excellent display extolling many positive aspects of life in Victoria County. This exhibit is being taken to a variety of conferences and shows across the Province. Unfortunately, the most important industry in Victoria County - farming - is missing completely from the exhibit because the county does not have any good pictures illustrating farming activities. Anyone in the County who could share a good coloured picture showing activities on an updated Victoria County farm is encouraged to contact the County Administrative Office, in Lindsay.

The baby sitting co-op meets every second Tuesday morning at 10:30. Jennifer Ketner and Pat Martin are the push behind this. The basic idea is an exchange of services among the members. Call the office for details.

After a week of voting, new members were elected to the board of directors at the annual meeting on

March 28. The executive is as follows: chairman, Rosie Kenney; vice chairman, Pat Martin; secretary, Diane Hagerman; treasurer, Anita Dillon. The other members of the board are: Malcolm Savage, Jennifer Ketner, Karoul Talaba, Glenda Burke, Lynda Campbell, Marion Harris and Lyn Duncombe. Thanks to all who took the time to vote.

ACADEMIC UPGRADING

Anyone interested in Academic Upgrading please contact this office. The course runs April 1, 1985 to June 14, 1985. Successful applicants can attend while receiving Unemployment Insurance Benefits or you may qualify for a Training Allowance.

Juveniles take All-Ontario title

The Minden Monarch Juveniles are the 1985 All-Ontario "DD" Champions.

The Monarchs defeated Paisley 7-2 at Minden arena on Sunday to complete a three game sweep of the final playoff series.

The championship game on Sunday was the climax of the team's best season since 1977-78 when the Monarchs were defeated in the final playoffs.

During this past season the Monarchs lost only two regular season games and have lost only three games since the playoffs began on January 27. Two of those losses were during the quarter finals against Erin.

That series was the toughest of the playoffs and it took a determined team effort to win the deciding game in Erin. The Monarchs lost only one game in the semi-finals against Godfrey, paving the way for the finals against Paisley, a team that also lost only two games during the regular season.

As the Monarchs advanced through the playoffs community interest grew. Attendance at the home games continued to increase, and by the final game over 800 spectators packed the Minden arena.

Sunday's game got off to an explosive start. By the half way point of the opening period the Monarchs held a 4-1 lead.

Lennie Johnston, who has played exceptionally well throughout the playoffs, opened the scoring at the 6 second mark after taking a quick pass from Jeff Howe.

Less than a minute later Paisley broke through the Minden defense and evened the score at a goal apiece.

During the next two minutes, Minden scored twice. Barry Boice made it 2-1 on a three way passing play from Boomer Stamp and Scot Hamilton, then Jeff Howe found the mark after taking a pass from Lennie Johnston.

Howe got his second goal four minutes later, assisted by Boomer Stamp and Lennie Johnston to give the Monarchs a 4-1 lead.

Paisley regrouped and held Minden off the scoreboard until the last minute of the second period when Lennie Johnston notched his second goal of the game with help from Chris Laporte and Scot Hamilton. The momentum of the game picked up again in the third period and Paisley was able to score their second goal while the Monarchs were playing two men short.

However, Minden continued to dominate the game, frustrating all Paisley's attempts to catch up.

This frustration coupled with some of the players anger at comments directed at them from some of the fans resulted in a stick swinging melee between

players and fans midway through the third period, that was quickly broken up. Fortunately cooler heads prevailed and the rest of the game continued without incidence.

With 5:49 remaining Tim Wood found the mark on a pass from Daryl Ward to give the Monarchs a 6-2 lead.

A minute later Barry Boice capped off the game, scoring his second goal of the night on a pass from Scot Hamilton.

When the final buzzer sounded, the arena filled with the roar of the hometown fans and the Monarchs mobbed goalie Vince Duchene who had shared the goal tending duties with Kevin Smith.

After the players had composed themselves Captain Jeff Howe accepted the championship trophy from Sharon Griffin, the District Convener of the OMHA.

As Lennie Johnston sets up in front of the net Jeff Howe and Chris LaPorte fight for control of the puck.

CHAMPIONS!

Members of the Championship Haliburton Huskies are, from the left, front row, Scott Russell, Drew Mitchell, Gavin McKnight, Alan Rydman, Colin Hunter, and Darren Byers. Back row, coach George Nicholls, Jeff

Warburton, Jaro Cooper, Erin Nicholls, Ron Perrin, Jeff Francis, manager Tom Russell, and assistant coach Bob Woodcock. Not attending when the photo was taken was Hans Fluegel.

Photo by Bruce Turner Photography

Congratulations to the Haliburton Huskies on their victory in the All-Ontario Bantam Championship. Their exciting 7 - 4 overtime victory came Sunday afternoon in Teeswater. A great year for the Bantams, reflecting a strong team effort.

CHAMPIONS!

Members of the All-Ontario Minden Monarch Juvenile Championship team include, from the left, front row, Barry Boice, Jason Stamp, Vince Duchene, Jeff Howe, Kevin Smith, Bernie Upton, Daryl Ward, Tim Wood. Back row, manager Bob Wells, trainer Kevin Hamilton, stick boy

Craig Crowe, Craig Burk, Dennis McKee, Chris LaPorte, Scot Hamilton, Jeff "Boomer" Stamp, Lennie Johnston, Doug Schell, Gord Wood, stick boy Tom Prentice, and coach Jerry Campbell. Absent when the photo was taken was Shayne Yateman.

Congratulations to the Minden Monarch Juveniles for their 3 game sweep of the 'DD' All-Ontario Championship. The perfect ending to a great year of hockey. We salute the players, coaches, management, fans and everyone associated with the team's victory.

Huskies capture cup in overtime win

submitted

The OMHA Bantams won the All Ontario Championship Trophy last Sunday with a 7-4 overtime victory in Teeswater.

The Huskies had a chance to wrap it up on Friday night, and despite having close to a thousand fans at the rink, dropped a 6-3 decision to Teeswater.

The Friday night game saw the Huskies take the lead after only 55 seconds on a goal by Erin Nicholls, assisted by Jeff Warburton and Scott Russell. Tees-

water replied with three goals in a row before Haliburton scored again at 9:44 of the second period when Jeff Warburton fired it in on a pass from Alan Rydman and Scott Russell.

Teeswater however, replied with three more goals before Scott Russell scored on a pass from Erin Nicholls.

Some may have written the Huskies off after the game but as in the past the will to do well surfaced in Sunday's game.

On Sunday the Huskies dressing room was filled

with an air of quiet determination, something like the lull before the storm.

The Huskie fans were outnumbered 10 to 1 but in enthusiasm and fan fare led 2 to 1.

There was no scoring in the first period despite some good chances on both sides. Gavin McKnight made several good saves during the opening frame.

Teeswater finally fired home two quick goals and to some it may have appeared that the Huskies were finished. With 1:40 left in the second Scott Russell fired

home the first goal for the Huskies on a fine passing play from Erin Nicholls and Jeff Warburton. Between the second and third periods the players, despite being down 2-1 displayed the quiet confidence as before.

The third period started with a bang as Teeswater took a 3-1 lead. At 10:56 of the period Erin Nicholls closed the gap to one on a pass from Colin Hunter. At 8:20 Scott Russell brought the Husky supporters out of their seats with the tying goal, assisted by Jeff Warburton.

Teeswater fearing elimination stormed back with only 6 minutes and ten seconds left to take the lead again. The Husky fans were beside themselves when Scott Russell fired home the tying goal with 4:07 left on the clock assisted by Erin Nicholls and Jeff Warburton. The score remained tied until the end of regulation time.

The Teeswater players looked a bit frazzled at the start of the overtime period and Erin Nicholls turned out their lights at 8:05 to give the Huskies the lead assisted by Ron Perrin. Twenty seconds later Alan Rydman gave the Huskies a two goal lead assisted by Jeff Francis. The Huskies' supporters were jubilant.

Colin Hunter put the

game away much to the relief of everyone, (including Marg and Darlene back home), assisted by Drew Mitchell.

Final score 7-4 Haliburton.

The new line combinations Russell, Nicholls, Warburton and Mitchell, Francis, Rydman played extremely well together backed by the outstanding defensive effort of Ron

Perrin, Colin Hunter and Darren Byers. Last but not least Gavin McKnight played very well. (The puck stops here).

Support from the following was appreciated: Blacks Hardware, Grant Rac, Kozy Korner, M. Elstone, Northernways Transit Ltd., Art Dawson, Len Salvatori, and Earl Cooper. Watch the paper for year end Minor Hockey events.

The northward advance

-by Federation of Ontario Naturalists-

Like a vast airforce, they pause to refuel, rest and regroup. Over 90,000 glistening aeronauts, each a magnificent piece of design. Jammed into a few, vast staging areas, they transform the scene, from desolation into a white sea of bedlam. A cacophony of honks, whistles and tremulados fills the air. Then, off they go, resuming their frantic dash for the arctic.

Tundra, or whistling, swans make their stopover in Ontario over the next 2-3 weeks, affording a spectacle unexcelled in eastern North America.

It's part of an astonishing migration that will cover over 6000 km, many storms and countless hardships. It's a trek that will challenge their mettle, and ensure that only the strongest and healthiest make it to breed.

These swans have spent the winter along the Atlantic coast, from Maryland to the Carolinas. Paddling about the bays and marshes that dot the coast, they have fed and strived to conserve the energy necessary, first to get them through the winter and secondly, to migrate.

Triggered by lengthening daylength - biologists call it photoperiod - the swans began their trek 3-4 weeks ago. Northward they moved, paddling and dabbling to feed. About New York, they suddenly turned inland, to travel northwesterly, mostly by night. By eerie moonlight and some deep, intuitive sense, they followed the ghostly silhouettes of New York's finger lakes, till they reached the mighty waters of Lakes Erie and Ontario.

Making their way westward, they were cued yet again - this time by an instinct ingrained by millennia of forefathers' experience - to head for the massive shoreline marshes. These wetlands, at Long Point and in the Lake St. Clair area, are much more than snacking locations; they're vital to the very survival of the flocks.

Nearing the one-third point of the migration, and still located in the "warm", open water of southernmost Canada, these afford the vital opportunity to rest, rebuild decimated energy reserves, and regroup, before heading north.

Both Long Point and Lake St. Clair can expect 15-20,000 swans at a time, with an influx of new birds and exit of "recharged" birds each night or two. "Residence time" of any one bird is about 4-5 days.

Revitalized, they race again by night for the arctic, in a mad rush to stake out prime territory in which to nest and raise young.

By late April, they'll have reached their territory, within 200 miles or so of the Arctic Ocean, and begun an elaborate courting ritual. Necks arched and wings outstretched, the males will strut about in a bizarre, and highly vocal, courting dance.

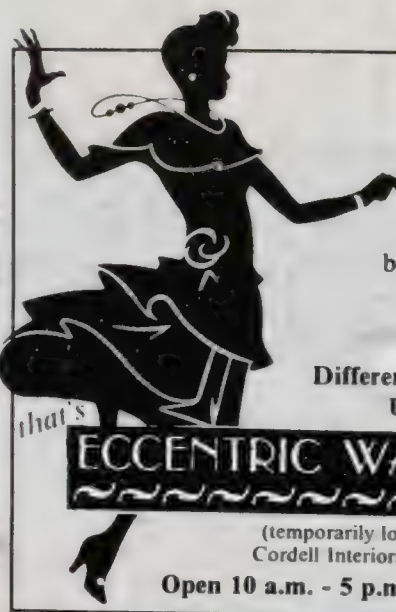

Mates chosen, they'll immediately set to work, building a 3' high nest mound of moss, grass and algae atop the wide-open tundra. By mid-May - even with deep, soft snow still cloaking the tundra - 3 to 5

large white eggs will adorn the nest. Both parents will take turns incubating - and defending - the nest. It's a long process, 24 hours a day, for nearly 40 days.

The hatchlings will arrive about July 1st, as the last of the ice is melting, and things are warming up. Not surprisingly, the young are advanced even at hatching; within days they'll follow the parents to nearby lakes, where they must quickly learn, by emulation, all of the skills needed - bottom-feeding for plants, swimming, flying, and avoiding predators. Quickly indeed, for with three short months, freeze-up will begin, and the survivors will be on their way south.

The world of the Tundra swan is a perpetual rush. Race to Erie marshes. Race to "recharge batteries". Race to the Arctic, to court and stake territory. Race to build, lay and hatch. Race to raise and train young. Then, finally, race back before freeze-up.

The spectacles at Long Point and Lake St. Clair are awesome. But more than that, they're a glimpse into a fascinating world and a poignant plea for habitat conservation.

Syrup and pancakes make for sweet time in Wilberforce

The annual Wilberforce Maple Syrup Festival drew an appreciative crowd of participants Saturday. The Lloyd Watson Community Centre was a hive of activity from early morning through to the wee small hours of Sunday morning.

The traditional pancake and sausage breakfast appeared threatened early in the morning as hydro service in the area was disrupted. However, the electricity was restored shortly before 9 a.m. allowing those manning the griddles to start cooking.

A steady stream of visitors passed through the centre, enjoying the breakfast treat and browsing through the many tables laden with baked goods, local crafts and second hand bargains.

Organizers suggested that the wintery weather may have resulted in a somewhat smaller attendance at the event, which is sponsored by the local recreation committee.

The day's activities concluded with a dance at the community centre.

In the photographs above, David Jordens comes eye to eye with one of the cutest attractions of the day. He was selling a litter of Cocker Spaniels. In the lower photo, Wayne Pighe, Shirley and Jim Deterling, all members of the recreation committee, oversee the pancake and sausage production line. Above right, a curious shopper gives one of the sales tables a close inspection.

Easter tradition continues despite wintery weather

Members of various congregations in Haliburton braved chilly temperatures to continue an annual tradition Easter morning. The worshipers assembled at Skyline Park, overlooking the Village of Haliburton, for an ecumenical service marking the Easter celebration. Accompanied by student musicians from the Haliburton Highlands Secondary School under the direction of Rick Vaughan, raised their voices in song. Reverend John Phillips, above right, leads the congregation in an Easter hymn.

Bridge work planned

The Glamorgan Township council has approved several construction projects for this summer.

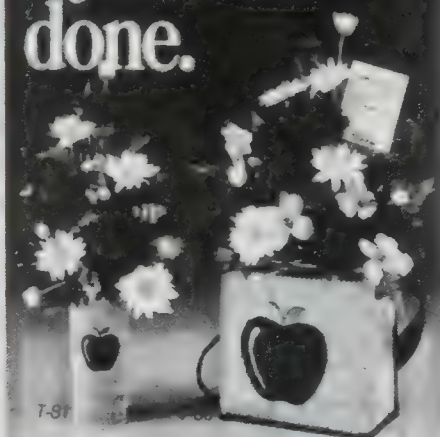

Pending approval from the Canadian Department of Transport, a footbridge will be built over the Irondale River linking the community park with the centre of town.

Funding for the labour portion of the job will come through a Canada Works program.

Council also approved a drainage improvement and road construction project.

Provided approval is received from the Ministry of Transportation and Communications, supplementary funding will be used to carry out improvements to Gooderham's main street. The project will include ditching, resurfacing and the installation of curbs.

Grass Cutting and Trimming Tenders Are Invited for Minden Areas's 5 Distribution Stations 1 Transformer Station

Interested parties are invited to submit on Ontario Hydro Forms "Invitation to Tender" their contract price for grass cutting and trimming at Distribution Stations and Transformer Station located in the Minden Operating Area.

Contractor will be responsible to supply his own material, equipment and transportation.

Work will consist of:

- (1) Cut and trim (4) Distribution Stations approximately 16 times.
- (2) Cut and trim 1 Distribution Station 2 times. (once in spring, once in fall).
- (3) Cut and trim 1 Transformer Station approximately 16 times.

Work to commence on or about May 7, 1985.

Tenders to be submitted by 4:00 p.m. April 18, 1985.

Tendering documents will be available April 4, 1985.

One tour of areas will be conducted on April 12, 1985 at 9:00 a.m.

For further information or site inspection, contact Al Cheeseman, Ontario Hydro, 286-2031

Porker problems pondered

by Ernest Hills

Approximately 20 area farmers met on the evening of Thursday, March 28, in the Haliburton Highlands Secondary School, to discuss raising of pigs. The evening presented an interesting exchange of ideas and methods involved in caring for and raising pigs.

Many farmers and home-steaders in the Haliburton area raise a hog or two over

the summer months for butchering in the fall. The filling of the freezer with fresh, home-grown pork always eases the discomfort at the onset of winter.

Small animal director for the association, Godfrey Tyler organized the meeting, including a Ministry of Agriculture slide presentation on "Feeder Hogs", which encompassed such topics as management techniques, feeding require-

ments, and health of the farmer's stock from weaner pigs to breeding stock.

Much of the discussion centred upon the harsh realities of the economics of raising pigs. This was a timely topic given the current American policies regarding Canadian exports of pork. Given the fact that Ontario producers raise much more pork than the provincial market can absorb, the expected glut of pork

forecast for this summer will result in savings for consumers but real hardship for the farmer.

An imaginative and helpful exchange of ideas on the fencing and feeding of the home-grown hog was followed by a slide presentation. Despite the current economic realities the pig will remain an integral part of the small farming operation.

Farmer's Market

The Haliburton County Farmers Association is once again pleased to announce their sponsoring of the farmers market, which pending confirmation will once again be established within the municipal parking lot in Minden. The farmers market provides a marketing opportunity to those farmers who wish to extend their marketing prospects beyond the farm gate.

In past years participating farmers have presented quality products, such as fresh garden produce, fresh eggs, maple syrup products, baked goods and preserves. All goods presented to the public for sale have been grown, or processed on farms in Haliburton County. Support area agriculture and visit the market! Starting date will be Saturday, June 29.

A week for volunteers

Who provides leadership, many hours of time, shares their car and home, and their skills, and often for no more than a simple "Thank You?" Chances are, you yourself are one, perhaps for several very different organizations.

If you guessed community volunteer, you are correct. Volunteers come from all walks of life and provide the main strength of many of our community, school, church and service organizations. Many volunteers, 78% according to a recent study, devote a minimum of seven hours a

week to each program they are involved with. On the average, a volunteer will give up 4 - 7 hours of their free time to teach, or coach, canvass for funds, provide transportation or perform one of the hundreds of tasks provided by a volunteer.

Each year, a special week is set aside for the recognition of our volunteers. This month, from April 14 to 20, perhaps we should all go out of our way to honour our local volunteers during National Volunteers Week.

In our rural communities, volunteers play a large role in many organizations.

Our County 4-H program, is led by 100 volunteer men and women. Many community resource people provide specific skills to the 4-H program, again on a volunteer basis. Agricultural societies, or fair boards, horticultural societies, as well as cattlemen's, pork producers, milk producers, etc. are all maintained by volunteer executive members. Adult information courses, sponsored by the Ontario Ministry of Agriculture and Food depend on volunteer leaders who receive training and return to their groups to pass on the information. Educational studies show that 90% of people who are trained in a skill have been trained by peers.

The success of this peer-trainer method was evidenced in the recent Rug Braiding Course. Forty-six volunteer leaders taught techniques of rugbraiding to over 350 community people in Victoria and Haliburton Counties.

Our counties are very much richer because of this important resource - the volunteer. During National Volunteers Week, you can plan something special to honour your volunteers or just simply smile and say thank you. Above all, recognize the value of their commitment and the fact that the world is a better place because of volunteers. On behalf of our Ministry, "Thank You".

Hearing expert to address meeting

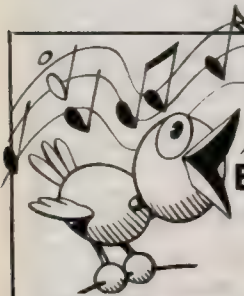

by Donna Bailey

How we Hear - understanding what a hearing loss is so we can understand its effects on people; The Effects of Hearing Loss - how it effects the hearing impaired person, his family and social life; Devices - what are they? Where can you get them? Hearing Aids - When? Where? How? How much?

This is the information that Jan Forsythe, from the Canadian Hearing Society, Peterborough office will present when she is our guest speaker at our "5th

Anniversary" and Welcome Home. Snowbird" Volunteers dinner meeting on April 19. It will be held at the Stanhope Firefighters Community Centre located on the North Shore Road off Highway 35, located approximately 3 miles north of Carnarvon. This 12 noon dinner meeting will be a roast beef dinner, (kindly prepared by Ann Barker), at a cost of \$5.00 per person.

Our meeting will commence at 1:15 p.m. Dinner reservations are required. Please phone our office at 457-2941 by April 8. Plan to attend and bring a friend.

NOTICE OF MEETING

The Haliburton County L.E.A.D. PROGRAM

Persons interested in being considered for a position on the Board of Directors please attend.

The meeting will convene at the
Haliburton Legion

on

Thursday, April 11, 1985

at

7:30 p.m.

Monarch goalie Vince Duchene moves quickly to clear the puck from his crease as his teammates, Chris LaPorte, Boomer Stamp and Jeff Howe set up a solid barrier of defense in front of the net. Duchene shared the goaltending duties with Kevin Smith during the championship game Sunday evening. Both goalies turned in outstanding performances throughout the season and were instrumental in the team's success.

"WHERE THE ACTION IS"

kid's korner

by Jean Lacey

Hi Kids!
Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Some have hidden words or sayings, some do not. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: What did the new car say to the old car?

A: Do you mean to say you still have a rattle?

Q: Why are bridges annoying?

A: Because they always make you cross.

Q: Why is the letter A like a sweet smelling flower?

A: Because a bee comes after it.

Q: Why did the farmer plough his field with a steam roller?

Call 286-1288 — 9 a.m. - 4 p.m.

Congratulations to Marjorie (grade 6) and Jeremy (grade 4) Phillips for their awards in public speaking at Archie Stouffer Elementary School. They each won at their class level and Marjorie went on to win the Junior category for the school. Marjorie won last year as well!

Don't forget the movies this Friday evening at the Library. They are free of charge and the show starts at 7:15 p.m.

After a couple of weeks with nothing to do on Thursday, all you card lovers should be happily shuffling your way on down to the Museum. The card party starts at 1:30.

The Minden Women's Institute meeting will be held Wednesday, April 17 at the Library at 2:00 p.m.

It will be nice to see Mary Currah up and around again. She's been laid up for the past three weeks, but is feeling much better now. She thanks all her friends for their help during her illness.

Mr. and Mrs. Milt Sears had Muriel and Scott Ewing and Sandra and Logan Moss, all of Toronto and Carol, Reg and Karen Leaman of Keswick visiting with them this past week.

Club 35 card party winners for this week are as follows: Ruth Cummings won the door prize, the most lone hands went to Ernie Davis, the high man of the day was George Elson and high lady Olive Daniels. Others riding with lady luck were Eleanor Bunker, Jack Parker (a visitor from Toronto area) and Edith Russell.

The Association for Children with Learning Disabilities is having a meeting Monday, April 15 at the J. Douglas Hodgson Elementary School in Haliburton at 8 p.m. This Association needs your support, so please come out. There will be a film presentation on L.D. Children.

Mrs. Kay Beers of Bracebridge visited her son Bill and grandsons Richard, and Ken on Easter Sunday.

Mrs. C. M. Judson of Guelph was the winner of the cordless telephone in the second draw supporting the building fund of Our Lady of Fatima Church. The final draw on the 20" colour t.v. will be May 19.

And just in case you think you have to be from out of town to win (seems like it, eh?) congratulations to Glenn Diezel. He won the Easter Basket drawn at the Agassiz and Miley this past weekend.

Mary Stiver and Bob Baker of Halls Lake were in Kenora for a week visiting her daughter Kathy. Kathy sent the following poem to her mom, because it reminded her so much of Minden. It was first published in the Daily Miner & News, Kenora.

Kathy also says hi to all her friends and hopes that they had a Happy Easter.

A Little Town

A little town is where you don't have to guess who your enemies are. Your friends will tell you.

A little town is where everybody knows everybody else's car by sight and also where and when it goes.

A little town is where few people can get away with lying about the year they were born. Too many people can remember.

A little town is where people with various ailments can air them properly to sympathetic ears.

A little town is where, when you get the wrong number, you can talk for 15 minutes anyhow.

A little town is where the ratio of good people to bad people is something like 100 to 1. That's nice to remember.

A little town is where it is hard for anybody to walk to work for exercise because it takes too long to stop and explain to people in cars who stop, honk and offer a ride.

A little town is where city folks say there is nothing to do but those who live there don't have enough nights in the week to make all the meetings and social functions.

A little town is where businessmen struggle for survival against city stores and shopping centres.

A little town is where those same businessmen dig deep many times to help with countless fund-raising projects.

A little town is where it's nice to be when rearing a family.

A little town is where you don't have to lock your door every time you leave the house.

A little town is where many teenagers say there's nothing to do then are surprised to learn that big-city peers are saying the same thing.

A little town, when all is said and done is a nice place to live.

senior league

by Bert Harrison

Dear readers. We have so many in hospital, and others down with flu. It leaves the rest of us feeling rather blue. Edith Welch is still in hospital, so is Doris Vaughan. And to the hospital Mrs. Gilbank is gone. Our head cook Mark Schell has had a cold and feeling tough all winter. He has had a slight operation and now is feeling much better.

Jack Walters came to visit his wife Jessie this last March day. Stayed to dine with her before he went away. Many others had relatives come to call. It is hard to know just who all.

A nice service in the chapel Sunday night. Although the Thompsons were not there Rev. Burgess did it all by himself, with an interesting message to share.

Monday morning, down at fun and fitness, where we play different games galore, pitching out horseshoes. Wilbert Sisson pitched a perfect score. Neil Walker is a fine young man, we are always glad to see him when he comes to call, whether it be winter, summertime or fall. He will be all through the course he is taking soon. I think he told us sometime in June.

A word about our nurses, no finer in the land. Some of them give you a hug and let them hold your hand.

Howard Hogg and wife Clara who have been holidaying in the south, but homeward bound, came to visit his mother Lily on their way home to Parry Sound.

Monday night we had the C.G.I.T. girls come to call. Debbie Thomas and Angie Carpenter came on me to call. I have known Debbie since she was quite small.

Father George Elliot of Minden Anglican Church, conducted a very impressive communion service in the chapel, this 2nd of April day. Thank you for coming we would like to say.

Up here at Hyland Crest you never know what will turn up. Congratulations to Mark Schell, Ken Fielding, Peter Fearrey, playing a hockey game - they won the Stanley Cup.

Doris showed us two interesting movies Tuesday afternoon. "Quilts in Women's Lives" and "Modern Alaska".

Linda is starting to read to the ones who can't see the movies too. A real nice thoughtful thing for Linda to do.

Tuesday night Darryl Crowe came to entertain with songs and tunes. Congratulations to Darryl who's getting married real soon.

Our ladies working in the craft room making this and

that. I go down some times for a cup of tea and a little chat.

We're glad to see Edith Welch back with us again. This time we hope to stay. She has been in the hospital for quite a number of days. We also have Mrs. Gilbank back with us again and we're glad to say she is feeling a little better on this Good Friday.

Thursday afternoon the ladies of the Haliburton United Church came down to Hyland Crest, brought and served a lovely lunch and were our special guests. It isn't that we don't get enough to eat here, but they say a change is as good as a rest.

We would like to thank the Kinsmen members, we didn't get their names, who came Thursday night to call the bingo games.

Mrs. Stutt had her daughter Ruth and granddaughter Miss Patricia Corrie come to visit on this Good Friday.

We are sorry to learn that Lee-Anne Carpenter is leaving Hyland Crest, she has obtained employment elsewhere. We wish her all the best.

We were hoping for better weather for this Easter day, but the weather man always seems to sway.
